**Statement of Exclusion**

With respect to ATEX Directive 2014/34/EU

---

We,

Goudsmit Magnetic Systems B.V.  
Petunialaan 19  
5582 HA Waalre  
The Netherlands

herewith declare, on our own responsibility, that the machinery:

Article description: **Magnetic Filter**  
Series: **SFH**

This product does not have any moving parts other than manually operated parts, electrical circuits or other parts that would provide an effective ignition source under normal operation, expected malfunction or rare malfunction.

The product does not have its own ignition source, therefore it does not fall within the scope of ATEX Directive 2014/34/EU. It can be safely used in Ex zone 20 provided sufficient means for equalization of electrostatic charges is applied.

Components optionally mounted on the outside of the equipment are either ATEX certified, carrying their own marking, or accompanied by a declaration they are suitable for use in Ex zones. We have assessed and determined that the mounting of these components does not introduce new ignition sources.
